

Below is the **developer-ready pricing + service-area schedule** to add to the Fresh Fold Delivery build scope.

Fresh Fold Delivery — Final Subscription, Pricing & Service Area Schedule

Main Brand

Use this as the main website brand:

Fresh Fold Delivery

Full service name:

Fresh Fold Pickup & Delivery

Main domain:

FreshFoldDelivery.com

Local redirect domains:

FreshFoldAltoona.com → /service-areas/altoona-pa

FreshFoldLockHaven.com → /service-areas/lock-haven-pa

FreshFoldStateCollege.com → /service-areas/state-college-pa

1. Public Pricing Structure

Fresh Fold pricing must be separated into:

1. **Laundry processing**

- 2. **Delivery logistics**
- 3. **Add-ons**
- 4. **Specialty items**
- 5. **Tips**
- 6. **Subscriptions**
- 7. **Delivery Pass**

The website must **not** treat delivery as automatically free.

2. Pay-As-You-Go Laundry Pricing

One-Time / Non-Subscription Pricing

Service Type	Price	Turnaround	Notes
First Pickup Promo	\$1.89/lb	Standard turnaround only	First-time customer only
Standard One-Time Laundry	\$2.49/lb	Standard	Main everyday price
Next-Day Priority	\$2.79/lb	Next-day where available	Laundry processing only
Same-Day Express	\$3.09/lb	Same-day where available	Limited availability

Minimum Order

Use:

8 lb minimum

If a customer has less than 8 lb, the order should still be billed as 8 lb.

Example:

Customer has 5 lb.

Billed minimum = 8 lb.

Standard price = 8 lb × \$2.49 = \$19.92 laundry subtotal before delivery/add-ons/tip.

3. First-Month Discount

Fresh Fold will offer:

15% off the first month on laundry processing only

This discount applies only to the laundry-processing subtotal.

It does **not** apply to:

- delivery
- mileage
- Delivery Pass
- driver tips
- add-ons
- specialty items
- comforters
- pet beds
- stain treatment
- extra rinse
- second wash
- soak
- heavy soil / pet hair
- missed pickup fees
- redelivery fees
- commercial custom quotes

Developer Rule

Do **not** create this as a full-cart coupon.

The discount must calculate only from the laundry-processing subtotal.

Example:

40 lb × \$2.49 = \$99.60 laundry subtotal

15% discount = \$14.94

Discounted laundry subtotal = \$84.66

Then add delivery + add-ons + tip separately

4. Final Subscription Plans

Subscriptions cover **laundry processing only**.

Delivery is separate unless the customer adds Delivery Pass or an admin-approved promotion applies.

Subscription Pricing Table

Plan	Monthly Price	Included Laundry	Effective Price/lb	Overage Rate	Best For
Student Plan	\$109/mo	60 lb/month / 15 lb/week	\$1.82/lb	\$1.89/lb	Students, light weekly users
Weekly Household Plan	\$149/mo	85 lb/month	\$1.75/lb	\$1.75/lb	Individuals, couples, busy professionals

Family Plan	\$229/mo	150 lb/month	\$1.53/lb	\$1.65/lb	Families, larger households
Route Plus Plan	\$299/mo	200 lb/month	\$1.50/lb	\$1.50/lb	High-volume homes, shared houses, recurring heavy users

5. First-Month Discounted Subscription Prices

For the first month only, apply 15% off the subscription's laundry-processing price.

Plan	Regular Monthly Price	First-Month Price With 15% Discount	First-Month Effective Price/lb
Student Plan	\$109.00	\$92.65	\$1.54/lb
Weekly Household Plan	\$149.00	\$126.65	\$1.49/lb
Family Plan	\$229.00	\$194.65	\$1.30/lb
Route Plus Plan	\$299.00	\$254.15	\$1.27/lb

Important

After the first month, subscriptions renew at the regular monthly price.

6. Subscription Rules

Student Plan — \$109/month

Includes:

- 60 lb/month
- suggested use: 15 lb/week
- parent-funded option
- good for State College students
- good for light residential users
- delivery separate
- Delivery Pass optional
- overage: \$1.89/lb

Developer should show:

Student Plan

\$109/month

Includes 60 lb/month

Best for students, light weekly laundry, and parent-paid student plans.

Delivery is calculated separately.

Weekly Household Plan — \$149/month

Includes:

- 85 lb/month
- recurring pickup schedule
- best for individuals, couples, and busy professionals
- delivery separate
- Delivery Pass optional
- overage: \$1.75/lb

Developer should show:

Weekly Household Plan

\$149/month

Includes 85 lb/month

Best for regular weekly laundry users who want predictable pricing.

Delivery is calculated separately.

Family Plan — \$229/month

Includes:

- 150 lb/month
- recurring pickup schedule
- best for families
- delivery separate
- Delivery Pass optional
- overage: \$1.65/lb

Developer should show:

Family Plan

\$229/month

Includes 150 lb/month

Best for families and larger households.

Delivery is calculated separately.

Route Plus Plan — \$299/month

Includes:

- 200 lb/month
- best for heavy users, shared homes, rentals, and high-volume recurring customers
- delivery separate
- Delivery Pass optional
- overage: \$1.50/lb

Developer should show:

Route Plus Plan

\$299/month

Includes 200 lb/month

Best for high-volume recurring laundry users.

Delivery is calculated separately.

7. Delivery Pass Pricing

Delivery Pass is separate from laundry subscriptions.

Delivery Pass

Plan	Monthly Price	Benefit
Fresh Fold Delivery Pass	\$7.99/month	Removes base dispatch fee and gives member mileage pricing

Delivery Pass Benefits

- \$0 base dispatch fee
- member mileage pricing
- \$1.50/round-trip mile introductory rate for first 3 months
- \$1.70/round-trip mile after introductory period
- optional driver tipping
- route priority where available

Important

Delivery Pass does **not** mean unlimited free delivery.

It removes the base dispatch fee and applies member mileage pricing.

8. Delivery Pricing Schedule

Delivery Pricing by Customer Type

Customer Type	Base Dispatch Fee	Mileage Rate
One-Time Customer	\$3.80	\$1.75 per round-trip mile
Weekly Route Customer	\$2.50	\$1.70 per round-trip mile
Subscriber Without Delivery Pass	\$2.50	\$1.70 per round-trip mile
Delivery Pass Member	\$0.00	\$1.50 intro / \$1.70 standard per round-trip mile
Commercial Account	Custom	Custom

Delivery Formula

Round-trip miles = one-way miles × 2

Mileage fee = round-trip miles × mileage rate

Delivery fee = base dispatch fee + mileage fee + route/weather/demand adjustments

Final Order Formula

Final estimate =

discounted laundry subtotal

+ delivery fee

+ add-ons

+ specialty items

+ driver tip

- approved discounts

9. Add-On Pricing

Add-ons must be separate line items.

Add-ons are **not discounted** by the 15% first-month discount.

Add-On	Price
Hypoallergenic detergent	+\$0.25/lb
Fragrance-free detergent	+\$0.25/lb
Premium detergent	+\$3/order
Scent booster	+\$3/order
Heavy soil / pet hair	+\$0.50/lb
Separate whites/colors	+\$5/order
Individual bag sorting	+\$5–\$15/order
Hang dry	+\$1/item
Stain treatment	+\$3–\$10

Extra rinse	+\$3/order or +\$0.15/lb
Two rinses	+\$5/order or +\$0.25/lb
Second wash cycle	+\$5/order or +\$0.35/lb
15-minute soak	+\$4/order
40-minute soak	+\$6/order or +\$0.35/lb
Odor treatment	+\$5–\$15/order
Allergy-sensitive handling	+\$0.25/lb

10. Specialty Item Pricing Support

Phase 1 can allow admin to manually price these.

Developer should build specialty item fields for:

- twin comforter
- full/queen comforter
- king comforter
- weighted blanket
- sleeping bag
- pillow
- bath mat
- small pet bed
- large pet bed
- mattress protector

- rug
- delicate item
- other custom item

For Phase 1, show:

Specialty items are priced separately. Final price may be confirmed after pickup and inspection.

11. Service Areas — Final Launch Coverage Schedule

Important Service Rule

Only advertise **daily service** for:

- Altoona
- State College

Only advertise **weekly route service** for:

- Lock Haven

All other towns should be shown as:

- route-based
- scheduled route
- waitlist
- custom quote
- expansion area

Do not promise daily service in towns that are not daily routes yet.

12. Primary Active Service Areas

These are the main service-area pages the developer should build first.

Area	Page Needed?	Slug	Service Status	Public Wording
Altoona, PA	Yes	/service-areas/altoona-pa	Daily Service	Daily pickup and delivery available in Altoona and nearby areas
State College, PA	Yes	/service-areas/state-college-pa	Daily Service	Daily pickup and delivery available in State College route areas
Lock Haven, PA	Yes	/service-areas/lock-haven-pa	Weekly Route	Weekly laundry pickup and delivery route
Blair County, PA	Yes	/service-areas/blair-county-pa	Route-Based	Route-based laundry pickup and delivery across Blair County
Hollidaysburg, PA	Yes	/service-areas/hollidaysburg-pa	Route-Based / Near Altoona	Pickup available by route schedule

Duncansville, PA	Yes	/service-areas/duncansville-pa	Route-Based / Near Altoona	Pickup available by route schedule
Tyrone, PA	Yes	/service-areas/tyrone-pa	Route-Based	Pickup available by route schedule
Bellwood, PA	Yes	/service-areas/bellwood-pa	Route-Based	Pickup available by route schedule

13. Secondary / Expansion Service Areas

These should be added to the Service Areas CMS and can have pages built after the main pages.

Area	Slug	Service Status	Developer Note
Martinsburg, PA	/service-areas/martinsburg-pa	Route-Based / Waitlist	Build after primary pages
Roaring Spring, PA	/service-areas/roaring-spring-pa	Route-Based / Waitlist	Build after primary pages

East Freedom, PA	/service-areas/ east-freedom-pa	Route-Based / Waitlist	Build after primary pages
Williamsburg, PA	/service-areas/ williamsburg-pa	Route-Based / Waitlist	Build after primary pages
Woodbury / Woodbury Township, PA	/service-areas/ woodbury-pa	Route-Based / Waitlist	Build after primary pages
Cresson, PA	/service-areas/ cresson-pa	Route-Based / Waitlist	Future route page
Huntingdon, PA	/service-areas/ huntingdon-pa	Route-Based / Waitlist	Future route page
Bellefonte, PA	/service-areas/ bellefonte-pa	Route-Based / Waitlist	State College expansion
Boalsburg, PA	/service-areas/ boalsburg-pa	Route-Based / Waitlist	State College expansion
Lemont, PA	/service-areas/ lemont-pa	Route-Based / Waitlist	State College expansion
Port Matilda, PA	/service-areas/ port-matilda-pa	Route-Based / Waitlist	State College route

Milesburg, PA	<code>/service-areas/ milesburg-pa</code>	Route-Based / Waitlist	Future route
Philipsburg, PA	<code>/service-areas/ philipsburg-pa</code>	Route-Based / Waitlist	Future route

14. Service Area Public Wording

Use this wording:

Fresh Fold Delivery currently offers daily service in Altoona and State College, weekly route service in Lock Haven, and route-based availability across Blair County and nearby Central Pennsylvania communities.

For route-based towns:

This area is served by route availability. Enter your ZIP code or request pickup to confirm the next available route day.

For waitlist towns:

We are expanding based on demand. Join the waitlist and we will notify you when pickup and delivery becomes available in your area.

15. Service-Area CMS Fields

Developer should create a CMS collection called:

Service Areas

Fields:

- cityName
- county
- state
- zipCodes

- slug
- serviceStatus
- routeFrequency
- serviceType
- nearestHub
- publicDescription
- seoTitle
- seoDescription
- h1
- showInNavigation
- showOnMap
- waitlistEnabled
- bookingEnabled
- customQuoteRequired

Service Status Options

Use these:

Active Daily

Weekly Route

Route-Based

Waitlist

Not Available

Custom Quote Required

16. Do We Create a Page for Each Subscription?

Phase 1 Answer

No. Do not create a separate full page for every subscription plan in Phase 1.

For Phase 1, create one main page:

/subscriptions

That page should contain all subscription plans.

Use anchor sections:

/subscriptions#student-plan

/subscriptions#weekly-household-plan

/subscriptions#family-plan

/subscriptions#route-plus-plan

Also create a separate page for Delivery Pass:

/delivery-pass

Why

One strong subscription page is easier for customers to compare plans. It is also easier for the developer to maintain and easier for Tony/YBC Brian to update.

17. Optional Subscription SEO Pages — Phase 2

After launch, optional SEO/advertising pages can be created for specific audiences.

Optional Page	Slug	Purpose
Student Laundry Plan	/student-laundry-service-state-college	SEO and parent/student ads
Family Laundry Subscription	/family-laundry-subscription	Family-focused SEO

Weekly Laundry Service	<code>/weekly-laundry-service</code>	Recurring residential laundry SEO
Laundry Delivery Pass	<code>/delivery-pass</code>	Membership/convenience SEO
Airbnb Laundry Subscription	<code>/airbnb-laundry-service</code>	Rental host SEO
Commercial Laundry Plans	<code>/commercial-laundry</code>	Business lead capture

Developer Rule

Do not build all optional plan pages before the beta works.

Build:

1. `/subscriptions`
2. `/delivery-pass`
3. `/student-laundry-service-state-college` only if time allows

18. Required Phase 1 Pages

Developer should build these first:

`/`
`/pricing`
`/book-pickup`
`/subscriptions`
`/delivery-pass`
`/commercial-laundry`
`/service-areas`

/service-areas/altoona-pa
/service-areas/state-college-pa
/service-areas/lock-haven-pa
/service-areas/blair-county-pa
/faq
/contact
/blog
/terms-of-service
/privacy-policy
/refund-policy
/delivery-route-policy

19. Required Phase 1 Service-Area Pages

Build these first:

/service-areas/altoona-pa
/service-areas/state-college-pa
/service-areas/lock-haven-pa
/service-areas/blair-county-pa
/service-areas/hollidaysburg-pa
/service-areas/duncansville-pa
/service-areas/tyrone-pa
/service-areas/bellwood-pa

Secondary route pages can be CMS-created later.

20. Subscription Page Layout

The `/subscriptions` page should include:

1. Hero section
2. "Choose Your Plan" section
3. Student Plan card
4. Weekly Household Plan card
5. Family Plan card
6. Route Plus Plan card
7. Delivery Pass upsell
8. Pay-as-you-go vs subscription comparison

9. First-month 15% discount notice
 10. Overage explanation
 11. Delivery not included disclaimer
 12. FAQ
 13. Start Subscription CTA
-

21. Subscription Page Required Disclaimer

Use this language:

Fresh Fold subscriptions cover laundry processing only. Delivery, mileage, add-ons, specialty items, driver tips, missed pickup fees, and redelivery fees are separate unless specifically included in an approved promotion or written commercial agreement.

Also use:

First-month 15% discount applies to laundry processing only and does not apply to delivery, add-ons, specialty items, tips, or Delivery Pass.

22. Developer Build Priority

Build in this order:

1. Homepage
2. Pricing page
3. Book Pickup flow
4. Subscriptions page
5. Delivery Pass page
6. Service Areas page
7. Altoona page
8. State College page
9. Lock Haven page
10. Commercial Laundry page
11. FAQ/Contact
12. Blog layout
13. Customer dashboard
14. Driver portal

Final Developer Instruction

Fresh Fold Delivery should have **one main subscription page**, not separate pages for every subscription during Phase 1.

The most important pages to create separately are the **service-area pages**, because those help local SEO and Google ranking.

Build separate pages for:

- Altoona
- State College
- Lock Haven
- Blair County
- Hollidaysburg
- Duncansville
- Tyrone
- Bellwood

Use the subscription plans as cards and anchor sections on:

/subscriptions

Use Delivery Pass as its own page:

/delivery-pass

That is the cleanest structure for launch.

Below is the **complete delivery pricing file** to copy and paste into the developer document.

Fresh Fold Delivery — Complete Delivery Pricing System for Developer

Core Rule

Fresh Fold Delivery is operating as **two businesses in one**:

1. **Laundry processing business** — wash, dry, fold, preferences, add-ons, subscriptions.
2. **Delivery/logistics business** — pickup, route planning, mileage, driver assignment, proof photos, tips, and delivery updates.

The website must price these separately.

Delivery should **not** be automatically free.

1. Delivery Pricing Overview

Fresh Fold Delivery charges delivery based on:

- customer type
- route status
- pickup location
- delivery location
- round-trip mileage
- delivery pass status
- demand level
- weather conditions
- after-hours/weekend/holiday service
- manual admin adjustments

The customer should see delivery as a separate line item from laundry processing.

2. Delivery Price Table

Customer Type	Base Dispatch Fee	Mileage Rate
One-Time Customer	\$3.80	\$1.75 per round-trip mile

Weekly Route Customer	\$2.50	\$1.70 per round-trip mile
Subscriber Without Delivery Pass	\$2.50	\$1.70 per round-trip mile
Delivery Pass Member	\$0.00	\$1.50 per round-trip mile intro / \$1.70 standard
Commercial Account	Custom	Custom

3. Delivery Pass

Fresh Fold Delivery Pass

Monthly price:

\$7.99/month

Delivery Pass is a separate monthly add-on.

It is not the same as a laundry subscription.

A customer can have:

- no subscription and no Delivery Pass
- laundry subscription only
- Delivery Pass only
- laundry subscription + Delivery Pass

Delivery Pass Benefits

Delivery Pass gives the customer:

- \$0 base dispatch fee
- member mileage pricing
- \$1.50 per round-trip mile introductory rate for first 3 months
- \$1.70 per round-trip mile after intro period
- route priority where available
- optional driver tipping
- customer delivery ratings
- pickup/drop-off proof photo process

Important Rule

Delivery Pass does **not** mean unlimited free delivery.

It only removes the base dispatch fee and gives member mileage pricing.

4. Delivery Formula

Step 1 — Calculate Round-Trip Miles

Round-trip miles = one-way miles $\times$ 2

Example:

Customer is 4 miles from the active hub/route point.

Round-trip miles = $4 \times 2 = 8$ miles

Step 2 — Calculate Mileage Fee

Mileage fee = round-trip miles $\times$ mileage rate

Example for a one-time customer:

8 round-trip miles $\times$ \$1.75 = \$14.00 mileage fee

Step 3 — Add Base Dispatch Fee

Delivery fee = base dispatch fee + mileage fee

Example:

\$3.80 base dispatch fee + \$14.00 mileage fee = \$17.80 delivery fee

Step 4 — Add Any Route/Weather/Demand Adjustment

Final delivery fee = base fee + mileage fee + route/weather/demand adjustments

5. Customer Total Formula

The total estimate must calculate like this:

Final customer estimate =

laundry processing subtotal

- allowed laundry-processing discount

+ delivery fee

+ add-ons

+ specialty items

+ driver tip

+ manual adjustments

Delivery must not be included inside the laundry discount unless admin manually approves it.

6. First-Month Discount Rule

Fresh Fold offers:

15% off first month on laundry processing only

This discount does **not** apply to delivery.

The developer must not build this as a full-cart discount.

Discount Does Not Apply To:

- delivery base fee
 - mileage fee
 - Delivery Pass
 - driver tips
 - add-ons
 - specialty items
 - comforters
 - pet beds
 - stain treatment
 - extra rinse
 - second wash
 - soak
 - heavy soil / pet hair
 - missed pickup fees
 - redelivery fees
 - commercial custom quotes
-

7. Active Delivery Hubs / Route Areas

The system should calculate delivery based on the nearest active hub or route area.

Primary Hub / Route Logic

Area	Hub / Route Basis	Service Status
------	-------------------	----------------

Altoona	Altoona / 16601 route area	Daily Service
State College	State College / 16801 route area	Daily Service
Lock Haven	Lock Haven / 17745 weekly route	Weekly Route
Blair County towns	Nearest Altoona route	Route-Based
Expansion towns	Manual / waitlist / custom quote	Route-Based or Waitlist

8. Service Area Delivery Rules

Daily Service Areas

Daily service areas:

- Altoona
- State College

These areas can show standard delivery pricing automatically if the customer address is inside the active route area.

Weekly Route Area

Weekly route area:

- Lock Haven

Lock Haven should show weekly route availability only.

Do not promise daily Lock Haven service unless admin manually approves it.

Route-Based Areas

Route-based towns:

- Hollidaysburg
- Duncansville
- Tyrone
- Bellwood
- Blair County
- Martinsburg
- Roaring Spring
- East Freedom
- Williamsburg
- Woodbury
- Cresson
- Huntingdon
- Bellefonte
- Boalsburg
- Lemont
- Port Matilda
- Milesburg
- Philipsburg

These areas should show:

Pickup and delivery available by route schedule. Enter your ZIP code or request pickup to confirm the next available route day.

9. Delivery Condition Adjustments

The admin must be able to apply route/weather/demand adjustments.

Condition	Adjustment
-----------	------------

Normal	0%
Heavy rain	+10%
Snow advisory	+15%
Winter storm	+25%
Emergency route	+35% to +50%
High demand	+10% to +25%
After-hours	+15% to +25%
Weekend / holiday	+10% to +30%
Off-peak / flexible pickup	-5% to -15%

Developer Rule

These adjustments can be manual in Phase 1.

Phase 2 can connect Google Maps API, traffic data, weather API, and route-demand pricing.

10. Example Delivery Calculations

Example 1 — One-Time Customer, 3 Miles Away

Customer type: One-Time Customer

One-way distance: 3 miles

Round-trip distance: 6 miles

Base dispatch fee: \$3.80

Mileage rate: \$1.75

Mileage fee: $6 \times \$1.75 = \10.50

Delivery fee: $\$3.80 + \$10.50 = \$14.30$

Customer pays:

\$14.30 delivery fee

Example 2 — Subscriber Without Delivery Pass, 3 Miles Away

Customer type: Subscriber without Delivery Pass

One-way distance: 3 miles

Round-trip distance: 6 miles

Base dispatch fee: \$2.50

Mileage rate: \$1.70

Mileage fee: $6 \times \$1.70 = \10.20

Delivery fee: $\$2.50 + \$10.20 = \$12.70$

Customer pays:

\$12.70 delivery fee

Example 3 — Delivery Pass Member, 3 Miles Away

Customer type: Delivery Pass Member

One-way distance: 3 miles

Round-trip distance: 6 miles

Base dispatch fee: \$0.00

Intro mileage rate: \$1.50

Mileage fee: $6 \times \$1.50 = \9.00

Delivery fee: $\$0.00 + \$9.00 = \$9.00$

Customer pays:

\$9.00 delivery fee

Example 4 — One-Time Customer, 8 Miles Away

Customer type: One-Time Customer

One-way distance: 8 miles

Round-trip distance: 16 miles

Base dispatch fee: \$3.80

Mileage rate: \$1.75

Mileage fee: $16 \times \$1.75 = \28.00

Delivery fee: $\$3.80 + \$28.00 = \$31.80$

Customer pays:

\$31.80 delivery fee

Example 5 — Delivery Pass Member, 8 Miles Away

Customer type: Delivery Pass Member

One-way distance: 8 miles

Round-trip distance: 16 miles

Base dispatch fee: \$0.00

Intro mileage rate: \$1.50

Mileage fee: $16 \times \$1.50 = \24.00

Delivery fee: \$24.00

Customer pays:

\$24.00 delivery fee

11. Suggested Customer-Facing Delivery Wording

Use this on the pricing page:

Fresh Fold Delivery keeps laundry and delivery pricing separate so customers know exactly what they are paying for. Laundry is priced by the pound. Delivery is priced based on route distance, customer type, timing, weather, and service availability.

Use this on the booking page:

Your delivery estimate is based on distance, route availability, and selected service timing. Final delivery pricing may change if the address, route, weather, or pickup requirements change.

Use this for Delivery Pass:

Use Fresh Fold often? Add Delivery Pass to remove the base dispatch fee and receive member mileage pricing.

12. Delivery Line Items Required at Checkout

The customer order summary must show:

- laundry subtotal
- first-month laundry discount, if eligible
- discounted laundry subtotal
- base dispatch fee
- mileage fee
- delivery adjustment
- total delivery fee
- add-ons
- specialty items
- driver tip
- estimated total

Example layout:

Laundry subtotal: \$99.60

First-month laundry discount: -\$14.94

Discounted laundry subtotal: \$84.66

Base dispatch fee: \$3.80

Mileage fee: \$14.00

Delivery adjustment: \$0.00

Total delivery fee: \$17.80

Add-ons: \$6.00

Driver tip: \$5.00

Estimated total: \$113.46

13. Driver Tip Rules

Driver tips are optional.

Tip options:

- No tip
- \$2
- \$5
- \$10
- 10%
- 15%
- 20%
- Custom tip

Developer Rule

Tips should be separate from delivery revenue.

Tip line item should be stored separately in the backend.

14. Delivery Driver Assignment Rules

The system must support:

- pickup driver
- delivery driver
- same driver for both
- different drivers for pickup and delivery

Driver Profile Must Include:

- driver name
 - driver photo
 - vehicle photo
 - vehicle make
 - vehicle model
 - vehicle color
 - license plate field, internal or optional
 - phone/contact field, internal or optional
 - active route area
 - rating
 - completed deliveries
-

15. Customer Driver Card

When a driver is assigned, the customer should see:

Your Fresh Fold driver has been assigned.

Driver: [Driver Name]

Vehicle: [Vehicle Color / Make / Model]

Pickup Window: [Time]

Order Status: [Status]

You will receive updates when your laundry is picked up and delivered.

If possible, show:

- driver photo
- vehicle photo
- vehicle description
- pickup window
- delivery window
- driver rating

- tip button
-

16. Pickup Proof Photo Requirement

Driver must upload a pickup proof photo.

Pickup photo should show:

- laundry location
- laundry bags/baskets
- pickup condition
- proof the driver found the correct pickup location

Pickup record should include:

- order ID
 - driver ID
 - upload date/time
 - photo URL
 - pickup note
-

17. Delivery Proof Photo Requirement

Driver must upload a delivery proof photo.

Delivery photo should show:

- clean laundry placed in instructed location
- bag condition
- proof of drop-off

Delivery record should include:

- order ID
- driver ID
- upload date/time
- photo URL
- delivery note

18. Missed Pickup / Redelivery Fees

Developer should create fields for missed pickup and redelivery fees.

Suggested Fees

Fee Type	Suggested Fee
Laundry not outside / missed pickup	\$5.00
Wrong address / no access	\$5.00–\$10.00
Redelivery attempt	\$5.00–\$15.00
After-hours manual delivery	+15% to +25%
Emergency route	+35% to +50%

These can be manual admin adjustments in Phase 1.

19. Delivery Statuses

The system must support these delivery-related statuses:

1. Order submitted
2. Order confirmed
3. Pickup driver assigned

4. Driver on the way to pickup
 5. Picked up
 6. Arrived at processing
 7. Laundry weighed
 8. Washing
 9. Drying
 10. Folding
 11. Quality check
 12. Delivery driver assigned
 13. Out for delivery
 14. Delivered
 15. Completed
 16. Review requested
 17. Issue reported
 18. Rescheduled
 19. Cancelled
-

20. Driver Issue Types

Driver should be able to report:

- laundry not outside
 - wrong address
 - no access
 - gate code problem
 - customer not responding
 - unsafe location
 - dog/pet issue
 - extra bags
 - damaged bag
 - weather delay
 - traffic delay
 - customer issue
 - other
-

21. Backend CMS Fields for Delivery

Add these fields to the Orders collection:

- deliveryType
- customerType
- pickupAddress
- deliveryAddress
- pickupZip
- deliveryZip
- nearestHub
- oneWayMiles
- roundTripMiles
- baseDispatchFee
- mileageRate
- mileageFee
- deliveryConditionAdjustment

22. Delivery Pass CMS Fields

Create a collection called:

Delivery Pass Members

Fields:

- customerId
 - customerName
 - email
 - phone
 - deliveryPassStatus
 - monthlyPrice
 - startDate
 - renewalDate
 - introRateStartDate
 - introRateEndDate
 - introMileageRate
 - standardMileageRate
 - baseFeeWaived
 - totalDeliveriesUsed
 - notes
-

23. Service Area CMS Fields Related to Delivery

In the Service Areas collection, include:

- cityName
 - county
 - state
 - zipCodes
 - slug
 - serviceStatus
 - routeFrequency
 - nearestHub
 - bookingEnabled
 - waitlistEnabled
 - baseDeliveryFee
 - defaultMileageRate
 - routeDay
 - routeNotes
 - deliveryEstimateMessage
-

24. Phase 1 Delivery Automation

In Phase 1, the delivery system can be semi-manual.

Phase 1 Must Have:

- customer address form
- ZIP code/service-area check
- customer type selection
- delivery fee line item
- manual or estimated mileage field
- Delivery Pass selection
- driver tip field
- admin delivery adjustment field
- driver assignment field
- pickup proof photo
- delivery proof photo
- delivery status updates

Phase 1 Does Not Require:

- live GPS tracking
 - automated Google Maps mileage
 - live traffic pricing
 - automated weather pricing
 - automatic route optimizer
 - driver payout automation
-

25. Phase 2 Delivery Automation

Phase 2 should prepare for:

- Google Maps API
- Waze navigation links
- real mileage calculation
- live traffic adjustment
- weather API adjustment
- driver mobile dashboard
- route optimization

- automated SMS updates
 - QR code scanning
 - driver payout tracking
 - app migration
-

26. Developer Build Instruction

Build the delivery system so that delivery pricing is flexible and separated from laundry pricing.

The customer should always understand:

Laundry = priced by pounds and service speed.

Delivery = priced by dispatch fee, mileage, route, and service conditions.

Add-ons = priced separately.

Tips = optional and separate.

The backend should allow admin to adjust delivery manually while Fresh Fold is still in beta.

27. Final Delivery Pricing Summary

Use this as the official delivery table:

Customer Type	Base Dispatch Fee	Mileage
One-Time Customer	\$3.80	\$1.75/round-trip mile
Weekly Route Customer	\$2.50	\$1.70/round-trip mile

Subscriber Without Delivery Pass	\$2.50	\$1.70/round-trip mile
Delivery Pass Member	\$0.00	\$1.50 intro / \$1.70 standard per round-trip mile
Commercial Account	Custom	Custom

Delivery Pass:

\$7.99/month

Core rule:

No automatic free delivery.

Free or discounted delivery only applies through:

- Delivery Pass
- coupon
- promotion
- subscription benefit specifically approved by admin
- commercial agreement
- manual admin override
